

GRIEF CAUSES OLD SETTLER'S DEATH

Christopher Redmond Died Late Last Evening.

HAD LIVED HERE 32 YEARS

Two Children Were Injured by Vicious Horse.

According to relatives, Christopher Redmond, aged 60 years, who has been a resident of Sedgewick county for thirty-two years, living on his farm about two and one-half miles west of this city, died last evening about 5 o'clock, of grief. About two weeks ago two of his children, a boy aged 12 and a little girl aged 3 years, were killed by a horse. The boy lies at the St. Francis hospital, seriously injured as a result. His skull is broken and he is not expected to live. The girl was killed in the stomach, but is expected to recover. The accident occurred while the children were playing in a field in which a vicious horse was kept. Redmond is said to have worried considerably over the accident. In fact, immediately after his children were injured at the hospital, he was taken ill and passed away last evening.

Redmond leaves a wife and six children, all of whom reside at the home west of Wichita. It was his eldest child, a boy, and his youngest, a girl, who were injured by the horse. Redmond was a brother-in-law of Owen Martin of this city.

When seen last evening, Dr. M. W. Cayo, who attended Mr. Redmond previous to his death, said:

"There is little doubt but what the man came to his death aided partially by grief due to the accident to his two children. He was, however, afflicted with pneumonia and a complication of diseases. Prior to the time of the accident, although not well by any means, Redmond was not seriously ill and he might have recovered."

Funeral services over the body will be held Saturday morning at 10 o'clock from the pro-cathedral. Burial will take place at the Catholic cemetery.

HE WASN'T HUNGRY

And Tramp Couldn't Work J. E. Howard Yesterday.

A man stepped into the office at the Union Mills yesterday morning and told the usual "hungry" story. He said that he had not supper the evening before and no breakfast that morning, and asked Mr. Howard if he would give him the price of a meal. Mr. Howard got up and put on his coat, and told the man to come with him and he would buy him a breakfast. The two started up the street but at the first restaurant the fellow said: "I don't want to go in there. I asked that man for coffee this morning, and we had some hard words over it, so I'd rather not."

"Very well," said his benefactor, "we will try another place."

The man hesitated and finally said: "Oh, never mind, you needn't go any where else. I'll not trouble you any more this morning."

"As I expected," said Mr. Howard, "you are not as hungry as you thought you were, and the chances are had I given you money it would have gone for a different purpose."

The man, much attached to this story is this: "Don't encourage tramps by giving them money for food; it rarely goes for that purpose," said Mrs. Couch, president of the Associated Charities, when told of the occurrence.

MEETINGS STILL CONTINUE.

There is preaching every evening at 7:30 o'clock.

The revival at the South Lawrence Christian church is still in progress. Rev. Melan was unable to preach either on Tuesday or Wednesday nights and Rev. A. E. Dubler of Central Christian church spoke. His sermon on the "Choice of Lot" was full of good, uplifting thoughts. The meetings have been a success. Confessions have been made nearly every night during the last two weeks.

The meeting tonight will be especially for parents. It had been the intention to devote Tuesday evening to the interests of the children; Wednesday to young men, and Thursday night to young ladies. The interest taken in the devotional exercises from 7:30 to 8 o'clock each evening shows that the people are in earnest.

A big day is expected Sunday, and special music will be arranged. Clifford Cole, who is leading the singing, will leave on the 10th for Milwaukee, Kan., to conduct the singing at a big union meeting there.

HELD ANNUAL ELECTION.

Lodge Named Officers for the Coming Year.

Wichita Council No. 25, Ancient Order of Pyramids, held their annual election of officers Wednesday night. The following are elected for the ensuing year: Dr. Harvey M. Cole, president; Fred Cayo, grand master; Geo. W. McLean, grand secretary; Mrs. Grace Garrett, grand treasurer; Miss Emma Griffith, recording secretary; Phil Bryan, financial secretary; Mrs. Emma Nocks, herald; Dan Neff, assistant herald; Miss Jackson, grand marshal; George Nocks, grand orator; Phil Bryan, mistress of ceremonies; Miss Nellie Bailey, pianist; Dr. O. J. Taylor, George Nocks and John Horsman, trustees.

After the election of officers a dainty lunch consisting of sandwiches, pickles, coffee, apples and cakes was served and the remainder of the evening was spent with games and dancing. A jolly time is reported.

SECRET SESSION HELD.

Millers' Association Meets Behind Closed Doors at Wellington.

Several Wichitans, members of the Southern Kansas and Oklahoma Millers' association, attended a meeting of that organization held yesterday afternoon at the Hotel Arlington in Wellington. The gathering was largely attended and was a secret session. No information was given regarding the work transacted when the meeting adjourned.

The main object of the meeting is supposed to have been for the purpose of setting a uniform price on products; also to arrange for the inflicting of severe punishment on all members who disobey the rules. It is understood that some of the Wellington millers, in their distant territory, have been at fault.

D. Dillon, of Gypsum township, was in the city yesterday and bought property at the corner of Gilbert and Ida streets, and will move to this city some time in February.

WHAT IS DYSPEPSIA?

Extreme Thinness a Symptom—Scientific Way by Which It Can Be Cured. Mi-o-na cures dyspepsia by the only natural method of giving tone and strength to the digestive organs, soothing and healing the irritated and inflamed conditions, and mingling with the food so that it is more easily assimilated and digested.

Extreme thinness and emaciation is one of the principal symptoms of indigestion, but many of the following symptoms are also in evidence: Unpleasantness at stomach—Defects of vision or hearing—Acidity—Flatulency—Heartburn—Nausea—Spitting up of food—Gripes—Sensation of weight or heaviness at the stomach—Coated tongue—Sour taste in the mouth—Diarrhea—Dry skin—Nervousness—Sick headache—Congestion of the head—Vertigo or dizziness—Drowsiness—Palpitation of the heart—Pain between the shoulders—Confusion of mind—Heart.

Mi-o-na will cure dyspepsia. A 50 cent box will give strength and tone to the digestive organs and aid the food to assimilate, while its continued use for a reasonable length of time will bring back natural weight and restore health and strength.

A few days use of Mi-o-na will show a marked gain in health and in a few weeks the cure will be complete. This is a strong statement, but G. Gehring emphasizes it by agreeing to refund your money if Mi-o-na does not do in that is claimed for it.

SIGNED BOND PROTECTS YOU. Mi-o-na Costs You Nothing if It Fails to Restore Health, Says G. Gehring.

The poor, thin, emaciated dyspeptic, when he becomes plump, rosy and robust, after using Mi-o-na, forgets that there is such a thing as indigestion.

This treatment is entirely different from any other medicine or treatment for dyspepsia. It is so different and so uniform in its results that G. Gehring warrants every reader of the Eagle to take Mi-o-na for a month at his risk.

In order that there may be no misunderstanding he will give the following signed bond with every package:

GUARANTEE BOND. I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach troubles. G. GEHRING.

You will be your own judge as to whether you pay for Mi-o-na or not. Simply leave 50c on deposit with G. Gehring, getting his signed bond which will protect your deposit.

This remarkable flesh-forming food is assimilated as soon as it is taken into the stomach, produces good, rich blood, tones up the weakened digestive organs and makes permanent cures in the worst cases of dyspepsia.

You can easily start using Mi-o-na today when G. Gehring takes all the risk of its giving satisfaction.

G. GEHRING TAKES ALL RISK.

Says if Mi-o-na Fails to Make You Well, It Will Cost You Nothing.

You have nothing to lose when you buy a package of Mi-o-na, the flesh-forming food and digestion regulator, at G. Gehring's reliable drug store. He takes all the risk; you have nothing to lose.

If Mi-o-na does not give a natural increase in flesh, tone and strength, he will refund the money on your simple say-so.

This remarkable preparation is a true flesh-forming food that builds up good, healthy, solid flesh and muscle, and makes thinness and scrawiness a thing of the past. The price is only 50c a package and it will cost you nothing unless it gives perfect satisfaction. Mi-o-na is the only flesh-forming food that is prepared in tablet form and is pleasant and easy to use. It mingles with the food you eat, aids assimilation, tones up and strengthens the digestive organs and restores health to the whole physical system.

The benefit from Mi-o-na is not merely relief, it comes up and strengthens the digestive organs and permanent cures follow its use. The thin and emaciated dyspeptic who uses Mi-o-na will have a natural increase of firm, solid flesh so that the outlines become plump and pleasing.

Begin the use of Mi-o-na today at G. Gehring's risk, and if it increases your weight and cures you of indigestion, it will cost you 50c. If it does not, he will pay for the treatment himself and return your money to you.

LOCAL JOTTINGS.

G. Gehring, the popular druggist, reports that he has had a large increase in the sales on the flesh-forming Mi-o-na and that his customers tell him that it does all that is claimed for it.

It is a fact that there is not nearly as many thin people on the streets of Wichita today as there was a year ago. This is undoubtedly due to the general use of Mi-o-na, the flesh-forming food that G. Gehring has been selling in large quantities the last year. G. Gehring has so much confidence in Mi-o-na that he offers to pay for the treatment himself if it does not give satisfaction.

It pays to advertise articles of merit in the Eagle. While Mi-o-na has been advertised but little, yet G. Gehring says that it is the best selling article in his stock. This shows the advantage of Eagle advertising when one has an article of special merit to sell in a "true cure, no pay" plan, the way Mi-o-na, the flesh-forming food and digestion regulator, is sold.

The following notice has been sent to the leading druggists in all cities through the city center, among them G. Gehring of this city:

"You are hereby authorized to sell Mi-o-na with the distinct understanding that if it does not give an increase in weight and cure dyspepsia and all stomach troubles, the price is to be refunded to the customer on his simple statement that it did not give satisfaction."

SEES EVIDENCE OF WICHITA'S GROWTH

Bank Examiner Talks About Present Financial Conditions.

150 NATIONAL BANKS

Managed by Men Who Know Their Business.

"The present financial conditions in the east have had no effect in the state of Kansas unless it was to still further emphasize the policy of conservatism that has governed the Kansas bankers for the past two or three years."

This was the remark made by United States Bank Examiner James T. Bradley, yesterday, when speaking to a reporter for the Eagle about the condition of the banks of this city, and the state of Kansas. He had been here for several days inspecting the Kansas National and the National Bank of Wichita, and was getting ready to leave when he spoke these favorable words for the banks of Kansas.

Mr. Bradley says there are 150 national banks in the state of Kansas. There are two bank inspectors and they must inspect all the banks at least two times a year. He says it sometimes takes several days to inspect one bank. He told of putting in about ten days in a Kansas City bank three years ago and had George W. Robinson, of the National Bank of Wichita, to assist him.

"Several years ago the condition of the banks of this state were not like they are now," said Mr. Bradley. "We have better banks now and the men who are managing them are better fitted for the banking business. We have not had a failure of a national bank in this state for over three years, and that is a pretty good showing for the state. The banks are now in splendid condition."

"The national banks of this city are conducted in a conservative manner that makes them safe. While the evidence of Wichita's growth can be seen on every hand, the evidence that this is fast becoming a great city is found right here in the banks. Cities become money centers, as well as commercial centers, and the capital of the surrounding country flows to the city as naturally as water runs down hill. This accumulation of money in the banks shows that Wichita is becoming a great city."

RILEY ON THE EIGHTH

Noted Poet Will Appear at the Toler Auditorium.

Among the high class entertainments that the people have enjoyed this season there has been nothing, no doubt, that will equal the treat that is to come with James Whitcomb Riley on the 8th at the Toler. He is said to be the one author in America who can touch the hearts and hearts of all people at all times with his own reproductions.

His selections do not leave one stranded on barren shores nor lost in a mirage, nor alone on dizzy heights. They are a sort of reminiscence of all that is bright and best in every life from earliest recollections. He gives the one that leads you to find true treasures that are always near but too often covered up by the debris of hurry and shyness of living too fast.

Following are a few remarks caught at 200 people were passing down and out from an evening with the "Hoosier Poet": "I never enjoyed a play before. 'Til I saw a halo here around the commonplace things of life. 'Til I saw that James Whitcomb Riley was Mark Hanna."

"Riley can move one like a hand, sure." "Gosh! Can't he do it, though?" "Do you remember Bill Nye?" "The first time I've been a boy since—'You don't have to have any polychrome learning to understand what Riley means. 'Til I work my passage any time to hear James. 'Gosh! He's some; ain't he?" "He can't come to Peoria too often—that's what." "Girls, let's start a Riley club."

Mr. O. A. Boyle, who was up-to-date enough to get this added pleasure, should be supported in this by every church and school in urging their flocks and pupils to attend.

The program is an excellent one. Although only four numbers are given on the program, with from eight to ten encores, one feels that he has got his money's worth, and some more, for the prices are not high for the quality.

GOOD WOMAN IS DEAD.

Mrs. John Berry Passed Away Yesterday.

Mrs. John Berry died at her home, 129 North Topeka avenue, at 10:30 a. m. yesterday. The funeral will take place from the family residence at 2:30 p. m. today. Interment will be in Highland cemetery.

Mrs. Berry leaves three children to mourn her loss, Mrs. Theodore Williams of Atchita, Kan.; Mrs. Theodore Bly of New York, and William J. Berry of this city.

Mrs. Berry came to Wichita with her husband, John Berry, more than a quarter of a century ago, when this city was a village. For many years before his death Mr. Berry was grain buyer for the old city mills and about every farmer in the county and the surrounding counties knew him.

They came to Wichita from England. John Berry was a sailor and just before coming to Kansas he sailed around the world. He was on a British ship in the Pacific ocean, a mere boy, when the gold excitement in California was at its height. His ship touched at San Francisco, and he used to tell how the captain of the ship would not allow the sailors to go ashore, for fear they would not return to the ship.

For many years Mrs. Berry kept a boarding house at the southwest corner of Belmont and Walnut streets. She was one of those good Christian women whom you know to be true and true. She was a good mother and very few, if any, people ever ate at her table who were not forever after her friends. She lived to see all her children grown and this was the desire of her life after the death of her husband. Her children will mourn the loss of a noble mother, and many people in this city have lost a true friend.

Miss Mary Evans, a niece, has lived many years with Mrs. Berry, and she always took the same interest in her that she did in her own children. Miss Evans was faithful to her aunt during her long illness preceding her death.

James Hobbs, the ten year old son of Mr. and Mrs. J. H. Hobbs, has been ill for the past few days at his home on Walnut avenue.

WAS NOVEL PARTY.

Former Member of High School Class Met Yesterday.

Miss Beth Pope, of Illinois, was the guest of honor at a delightfully informal party given yesterday afternoon at the home of Mrs. Charles Lawrence, 593 North Emporia avenue.

The party, or rather reunion, was given by some of the members of Miss Pope's class of 1882 and the class of '83 of the Wichita high school. A number of her former schoolmates from out of the city were present.

Mrs. Carrie Fisher McElroy was appointed toastmistress for the afternoon. The toasts, for the most part, consisted of reminiscences of their school days at the Wichita high school. Press comments on their graduating orations were read and different incidents in their school life were recalled, producing much merriment.

Altogether, the afternoon was one of rare enjoyment, and will be long remembered by the participants.

The guest list included the following: Mr. and Mrs. Levy, Mr. and Mrs. Culp, Mrs. P. F. McLean, Mrs. S. S. Noble, Miss Laura Stone, Mrs. Sybil Harrington, Mrs. Pannie Jackson Martin, of New York; Mrs. R. C. During Hubbert's absence Everett Newell will act as yard master for the company at this place.

LEFT FOR MANILA.

Archbishop Hart Will Sail for Philippines Saturday.

Archbishop Hart, accompanied by his private secretary, left over the Santa Fe yesterday morning at 11:30 o'clock for Los Angeles. At Newton the California Limited train was taken and the two will arrive in California Saturday in time to leave on that day for Manila.

HEARING WAS ADJOURNED.

Mr. Ketchum Believes Act the Same as Victory for Crescens.

The board of appeals of the American Trotting association adjourned yesterday at Chicago without taking action on the record made by Crescens at Wichita. The next meeting of the board will not be held until May 1904.

The action of the trotting association in postponing the case until the next annual meeting was regarded by George R. Ketchum as a practical victory. The case now hinges on a technicality and it is said that if it can be proved that the track was properly advertised there will be nothing to prevent the record made by Crescens being declared official.

A Grand Exhibit.

Backman's Glass Blowers, who will give exhibitions at 15 N. Main street, in this city next week, give a wonderful exhibition in the art of blowing, spinning and weaving glass into beautiful ornaments.

Among the many novelties they exhibit is a glass steam engine in full operation, also glass dresses, neckties, pin cushions, etc.
